CRC® Wasp & Hornet Killer PLUS™

I. Product Description

Wasp & Hornet Killer PLUS™ is a fast-acting, high strength insecticide that knocks down and kills wasps, hornets, fire ants, scorpions and black widow spiders on contact. **Wasp & Hornet Killer PLUS™** contains no chlorinated solvents and is harmless to plastics. It features a high dielectric strength of over 40,000 volts.

II. Applications

Recommended for any work around electric and power utilities, telecommunications equipment and installation sites, bridge and tower maintenance, cable and wire installation sites, industrial plant grounds, warehouses, farm structures and buildings.

III. Features & Benefits

- **Non-Chlorinated Formulation.** Replaces chlorinated solvent-based wasp and hornet killers.
- **Plastic Safe.** Will not damage plastic connectors and other insulating materials.
- **Reaches Over 20 Feet.** Provides a dense, accurate spray to drench harmful insects and their nests.
- The only company in the industry that offers a **Material Safety Data Sheet** right on the label. Provides instant access to current safety information should an accident or OSHA inspection occur. Helps comply with **OSHA Hazard Communications Standard 29 CFR 1910.1200.**
